Digital Syllabus Assignment

A vital component to EDUC 14 is the [Power & Pedagogy Digital Syllabus](#). The [digital syllabus](#) was a collaborative project initiated by Profs. Bradley and Mayorga as a companion to the range of topics examined throughout the course, including education as social reproduction, policy, curriculum and learning, education for liberation and social justice. Throughout the semester students will be invited to view material in the digital syllabus that are relevant to the topic of discussion for any particular week, as well as contribute to expanding the site. .

Crowdsourcing Activity

The digital syllabus has been built by previous cohorts of EDUC 14 students through a crowdsourcing process. We are asking each of you to submit a total of six new items to the digital syllabus that are relevant to a preexisting topic or proposing a new topic. Contributors are asked to respond to the following questions provided through a google form:

1. Suggested Course Topic
2. Title of Item, Date
3. Link to Resource
4. Connection to the course and digital syllabus
5. Tags/keywords
6. Brief description of item.
7. Additional notes

If you have any questions please reach out to your instructor
